**safe&easy**

Safety,  
Worldwide

**1 | Circuit Protection**

- Non-Resettable Fuses
- Resettable Fuses
- Fuseholders
- Circuit Breakers
- Voltage Selector

**2 | Connectors**

- Power Entry Modules without Filter
- Connectors (Inlets/Outlets)
- Cord Connectors (rewireable)
- Distribution Units
- Cord Sets
- Test Jacks & Probes
- Data and Signal Plug/Socket
- DC Plug/Socket

**3 | EMC Products**

- Power Entry Modules with Filter
- Single Phase Block Filters
- 3-Phase Block Filters
- DC Filters
- Suppression Chokes
- Pulse Transformers
- EMC Service

**4 | Switches**

- Metal Line Switches
- Metal Line Keypads
- Public Transport Switch
- Printmount Switches
- Frontpanel Switches
- Indicators

**5 | Input Systems**

- Resistive and Projected-Capacitive Touch Panels
- Resistive and Projected-Capacitive Touch Screens
- Capacitive Keypads
- Complete Systems
- Mechanical Membrane Keypads
- Housing Systems and Front Panels

**6 | Electronic Manufacturing Services**

- PCB assembling

**7 | Solutions**

- Manufacturing services
- Complete solutions

SCHURTER is a leading innovator, producer and supplier of fuses, connectors, CBEs, input systems, and EMC Products. The focus lies in the components to ensure a safe power supply and ease of use. Furthermore SCHURTER also offers services to the electronics industry with PCB assembling and with complete solutions from project management to manufacturing of final products (solutions).
